Maple Court, Stoke-on-Trent

School Hall AV Installation

Brief

To design and install an AV system for performing arts, assemblies and discos. To ensure the system met school budget and functional requirements and included lighting, projection and audio. To design an easy to use solution where a laptop and audio sources (iPod etc) could be located out of the way.

Solution

A bright (4500 lumen) projector ceiling mounted in a protective cage along with a lighting installation and 500 watt audio system. A mirror ball was added for discos. A fully loaded flight case contained all audio and connectivity equipment as well as lighting controls. Video distributed over a cat5e based system.
