St Mary & All Saints, Stoke-on-Trent

Grade 1 listed church c1200

Brief

To meet the standards require for installation in a grade 1 listed building. Installation of large electrically operated projector screen and projector with protective cage. To ensure that equipment and cabling remained unseen. Two points of input to enable video and presentations to be operated from the front and rear of the church. Use of chemical fixings (no ferrous metals).

Solution

Specially fabricated cable suspended screen behind the arch. Installation of high output projector with long throw lens to create correct the image size. VGA over cat5e system due to distance of projector from points of input.
